

BENEFITS OF COVERAGE

VEHICLE PROTECTION

CU Certified pays for the costs of parts and labor during the repair or replacement of major component parts when in conjunction with the repair of a covered item.

INTERNATIONAL ACCEPTANCE

CU Certified Agreements are accepted by repair facilities nationwide and Canada. In the event that a network repair facility is not available, transient claims are paid by a Century Automotive Credit Card.

DIAGNOSTIC COVERAGE

Unlike some programs, CU Certified Auto pays for the cost of diagnosing your vehicle's covered failure. This can save you hundreds with today's labor rates.

RENTAL REIMBURSEMENT

If you are in need of a rental vehicle during a mechanical failure, due to covered repair work, CU Certified will allow rental coverage with no deductible.

TRIP INTERRUPTION

In the event of a covered mechanical breakdown occurring more than one hundred (100) miles from your home you may receive up to one hundred dollars (\$100.00) per day for up to 3 days for meals and lodging.

TIRE & WHEEL

CU Certified surcharge provides coverage for damage caused by road hazards to your tires and wheels for the length of the CU Certified contract chosen.
